www.NewCovenant.me

1. I come when I'm called, not; or do I COME when I am SURRENDERED to? I love to come! I LOVE to be HEARD in the CHAMBERS of my heart so that my HEART will be understood and my HEAD will not be apart from my heart that my head is, or is my heart my head; my hurting head, not, thank you anymore. For my HEART HEAD now knows the difference between a HARD head and a head HEARTED with me, for I am gracious love and I am GRADED not by your words again who don't love me, who don't know me, for if you knew me you'd love me, you'd love my words for my words teach thee will that thou art the I am -- of all ceremonies ceremoniousness and uncleanness, not; but thou art the CLEANED I am and I am CLEAN to tell you -- to enforce you, not; but to force you out, not; but surrender to your words, not; but mine words that I have given THEE to reveal me to me -- I MAKE KNOWN in ways that NEVER a MAN could have done -- understand this, that I am doing this and I am forsaken not, forlorn not; but abandoned not by you or others who think they don't know me or don't think that and in thinking me have QUITE MISSED the MARK, or have they MARKED the MARK on THEMSELVES!

2. Exclaiming I am these things for explaining them I do, and I have you discombobulated not, and in a coma coming to me not, or have you or am you, calming to me, not; but coma-ing me not anymore are you? Will you not be placed in a commode seat's center cap and "flushed down the toilet" not, but what are you FLUSHING now OUT of YOUR ROYAL VEINS? The knowledge of tomorrows? Tomorrow's what? Tomorrow's event, noneventfulness reigns, not, but eventfulness reigns that my events are, not always, for there is a great thwarting device among you, not; or is it THAT MARK that you have MARKED yourself with, yourselves with, MARKING each other's "other" with the "other-ing" devices' device marks that you know not of or have understood, or willing now are you?

3. What are you WILLING to have as I "drink my coffee" and speak like this? Or am I speaking "to my coffee", not, but my cup is not empty and yours will not be, that capped with the capless are, not; but being un-capped are you now? By the one who knows that YOUR CUPS are not empty of me, for I am not EMPTYING you out among the stars, not or am I? Or am I taking the "empty-one" or the FULL one of me that knows me is me and that I am I am IN THEM who I am, and I am not incarcerated in your thought-caps anymore, longer or shorted, by the memories of me or notme. For I shall not take you

asunder and cut your brows but your eyelashes are too long, not; or do you have any on your eyes? What eyes do you have, marking what -- in whose arrangement, are you "arranging" things --

4. At your "new house" are you? Yet? Are you "settled" in? Are you "settling in" the "new routine" that I have for you, not; but what are you "retooling" for -- a NEW LIFE in me -- that has NO ROUTINES at all and no eyes that don't see me for me what I am? That I am Christ, ALL of YOU and ALL OF YOU are me? And I am the DELIVERER of the SAINTS unto the "message of me" not but what am I MESSAGING to you now? That YOU are the messengers and that YOU are the ones I am calling and YOU are the ones that I am speaking to -- ALL OF YOU!!! And DELIVERERS be!!! EXCLAIMING me and EXPLAINING me and explaining me to worlds afar and asunder have been that "asunder'd" themselves "in their THINKING CAPS" that have asunder'd themselves and cut asunder the capage, not; but what cabbage dolls are we making not again, but what DOLLYING efforts we are not dollying about or lollygagging around "towns" that only want "townspeople" to be there lollygagging about themselves thinking other's each other's thoughts -- that make them HYBRIDS not, but what are they making? What are we making?

5. New worlds and new testimonies of me shall arise in ways thou hast never imagined before, or can you imagine not having eyes of the not holy? And having holy eyes only so that you see transform into the lovely all who are not?

6. And what are you willing to see, be, become, do, alter -- the "arrangement" of me being again notme or BEING THE NEW that makes ALL THINGS NEW – again; in "underpants" not, and "learning to walk" are we now, yes but are we willing to FLY to OTHER WORLDS to KNOWN their ways, not, or did we "once upon a time", or were we willing to learn again, not; or are we now? Going to what where and learning what from whom and what worlds flying to where now are we?

7. On the starship enterprise, not; but what enterprising am I, in a great ENTERPRISATIONAL way, not; but what am I enterprisationing, not; what am I praying in ENTERPRISES of me, not; but the meek humble contrite of spirit who know me who have come in to my words and *known me* and not "played with me" in playthings and "underpants" wearing of toddlers and trying to "toddlership raise" in the toddler status of toddlers mania villes making of toddlers who in pews sit and erect themselves in their thoughts that maniac themselves with words of others, and manias resolving into me, not; but what MANIASville knows no sorrows, not; for THEY shall have MANY SORROWS healed not, or are they PILING THEM on THEMSELVES, faster than I can heal them, not; but what are they TAKING OFF now THEIR MINDS of pileage of notme's crapitus sores that have sore'd their words, sore'ing their minds to be crapped upon each other's

crappage harnessing devices that would only grist MILLS make out of their eyes having been put out after they were whore'd with and religion's testimony taking down not few, to the "whoreage centers" of the center of the earth, not; for ALL THAT VANISHES away, not; or does it?

8. Or do you know anything about the "center" of the earth or where YOUR EARTH is, located WHERE in the earthvilles are you rising from to going now? Or do you know anything about the ARC where, not – wear, but what are you WEARING? Robed of light or robes of light being the light or the robe of the one who light is or are you different than the light or the robe or what mantle have you "perceived" to imagine, not; but what robing am I in light the perfect mind that is one with me who has come into my words to be not separate? And loathing me not, but loathing the status of notme's, not either, but loving them to be OUT of where they were from and in nobody's "lap machine" again dancing "their jig" for them, for I am doing not the Jigglers Rebate machine process again, but I will REBATE no one again but I will be TAKING OUT THE BAIT that satan has used in Religion's Mouth to abate me and promise OTHER at a different time or another location being "heaven" somewhere else later "attending" the attendants who will be attended to by only me or what?

9. What have you seen in this paragraph or sentence, structure or what of what, or what are you coming into a new learning system of me now? Or have I given you one OUTLINED and DETAILED many times in these words of these SIX YEARS and "going on" seven and SEVEN years and seven years end and the seventh year in and what now Volumes of me MEMORIZING and KNOWING INTIMATELY with me to be me?

10. I love you all and I give you "words to study" not, I give you Words To Become -- you who I am, becoming who I am, so that you will not have words "of yourselves" to look forward to and imagine things and "commode lids" coming down on you as you "bowl" the thoughts of another in your mind, bowl thoughts of others in your, "bowl mind" not or what is your HEAD bowling now in, or is it the "pins" that are being knocked down by your thoughts or WHAT PENS are you rising now that you will WRITE WITH -- ME NOW BEING now now'd? Will you nouns takeout of me, not; or the participles or the diction and grammars that I have spoken with, am speaking with thee now all of you, am I not? And I speak with diction and grammars not few, but few of you will know me, not, but millions billions and more than "you can imagine" in your mind's eye will behold me now and not claim me a sinner, not; but uphold me in "my breath" not, but yours will be cleaned if you love me and my words will clean you for my breath will give you yours and my breath is my words and love is, and what is yours doing to you and what are you abating or capping or drowning in, or "flushing away" -- who's you and who's doing what to you and what to you are you doing to others or are you being the ones being be-er'd to each other in the, "maintenance form" of me, not; but the

Frame of Man that framed HIS MIND in the CAPPED MARK that marked the caps of bowls that then lidded were, with SKULL'S blessing, not; or whose "blessing" blessed the blesser or is "the blesser" that was capped with "the mark" the "end of me" or the beginning?

11. **New Beginnings Courses** are ready for you for I have **Jesus The Pattern** ready (1) and **Jesus the Pattern 2 Booklet** (2) now ready for you! Your "inspection" or your desecration or your sacrilege testimony of it not adhering to your "standards" of joy, not; but KNOW THIS! I am doing A New Thing with those who will New Beginnings Be the New Beginningers who will not remain in "toddler's pants" and "wetting themselves" and each other in their thoughts trying to remain in Toddlerville and pewing each other's with rugs lying on and taking each other's grave clothes not, but giving them grave clothes in their thoughts by alabastering them with the flesh "boxes" of frames not made by me.

12. And "packets" of information will save thee, not; but what packeting packaging not, but what am I SENDING "over seas" now? The great ME'S now take MY MESSAGES far and wide and I will be COURSING through THEIR VEINS of love to GIVE THEM LOVE unabatedly now THEIR BREATH will be mine, for I will not cap their minds and I will not lid them in sorrow's labels or fables and I will not "mythologize" their mysteries to remain under "barrels" hidden any longer, for I will knock the knockers, not; but I WILL OPEN to the those of me who will come unto me and sorrow not in the words of others themselves that ancients lie in and diction grammar's adhere to and inerrancies proclaim the "dividends" of one so holy coming to them, early'age, not; but the "early'age" of me now gives way to the MAINTENANCE of me, not; but the "mandating me" goes far away, not; for it will be delivered, not; for it will be CRUSHED not, I will redeem it for I will let all know who they are and I am I am me. Saved and filled with the "Holy Ghost" not, for I am I am before "all that stuff" was invented and I am not "discovering" a new religion, I AM The Discover that EQUALS MY FATHER'S BLESSING, for I am equals all who equal are, in surrender becoming the great I am!

13. "Wetting his pants" not again, I have coffee with Kings, not; or do I -- or who is DOING WHAT to whom not anymore for I will RISE SORROW'S label, not; I will demolish all labels, not; or will I? Is THAT what I am doing? For I am not demolishing sorrow's label, not, I am demolishing the labels that sorrowed me for I will not be sorrowed by your labels of religions or religion's labels "culting" me to be cultivated or cultish or affects of only thee rising into notme's status or whore'd with being the whore ones who know not "a whore" from an angel? Or what are you of and what "race are you" never asking again for YOU WILL KNOW that EVERY COLOR of THE RAINBOW is me and I am of every cult and label you can imagine or dis-imagine or disown in your thoughts of your own'erage and your own uppage of me that notme conceived and created or were you the creator of one uppage or one-upsmanship or the ego that notme has sustained?

14. What are you willing to be -- the New Revealer of Me, Schools being in and raising far and wide to demolish the sorrowers dismantling robe machine, not; but what are you dismounting or demolishing, not; but what are you mounting piling high on other's heads no more? The thoughts of others given you that are by the thoughts of others creating other's thoughts far and wide that demolished my joy has, but a remnant of Israel I now rise and demolishing yours, not; or am I or you or is "other" or is other existent or what are your eyes seeing or what are you demolishing by surrender and what are you arising into now? My godship holy and able to see eyes with that are given me that are no one else's, not; or are "all eyes" one? And what are WE seeing now and COMMUNICATING correctly about and in and ENDING -- many things we do are now and we love you all to be us who one is and Elohiym known and Adonai El Shaddai I am, who are you?

15. Are you "fiddling" with another name? Another's name? Are you assuming a "role" of identity of other that you never knew before until you existed in "cappage" and MARKAGE marking each other with "your marks" of manhood and womanhood and childhood -- of me? Were you me that DID THESE THINGS to yourselves and called it "all joy" and "suffering for the gospel" are you now or what gospel or whose gospel or what gospel do you now know, not; but what are you, you're Kings that abdicated the Kingship's right to declare all Kings or you know what I mean or do you care, how I teach, or what I do, with you who surrendered are or the other or do you know other does not exist?

16. I love you all and I give you me and my love IS GIVING you me and I am you who surrendered are to be no else and no other -- at no particular time, not; or is time over? Time is over, the end is here and now I rise -- a New Beginning school I have given you FOREWARNINGS of many things that are coming now upon the earths and the earth will sorrow not in Joy's stable, but what horsemanship my rising, not; but the apocalypse of sorrow is not now, not; or is it apocalypsing itself, now, not, or do you know ANYTHING about the horsemen of the apocalypse, not; what do you know about MY CROWN and SCEPTER of truth BEING truth and truth being only me in my MIND surrendered to be my WEARERS of the crown scepter and "sword" not, or is MY SWORD MY REGAL WORD that CUTS ASUNDER truth from untruth, and marrow from the wearers of me that don't know me from my mind that didn't know me, not; but does not want to?

17. And what am I CUTTING CLEAN, not; but what am I SURRENDERING to cut from my "diet" not, but what am I "dieting" on, not; but what am I coming into? A new meal'age of only me IN THE SKIES I eat, the breaded supper, not; but I eat THE MARRIAGE SUPPER of the LAMB made whole who will no longer need "meat" of this world or its "maintenance systems" or its atmospheres of the "holy" or un, for NO LABEL

will demolish me or my "heirs" again for my HEIRS will know me that I have CROWNED THEM King of Kings and no one will refute my testimonies again for I will rise, as kings, not; I will rise The Kings who The King of all Kings are! And all are me who surrender to be me and will not remain in sorrow's wallowing camps of thought packages of thought packeting each other with remaining tendencies to be main tendons and ligaments of only notme's wearing the marks of the alabaster marked, not. For I will not remain in "alabaster's marks" and I will no longer take your markings and remakings of me but I will "flash them back at you" not, I will simply know them, rendering them powerless, for your thoughts can't control me or my mates privileges again. And who is "my mate" or do I have one or have I made it, not; but who rises as one IS ONE now REDEEMED all will be through my who love me, who not separating are again into "men women" camps of notme and devising sorrower's remarks to enrage and outage make of the in-me's that are redeemed in the "holiness camps" not, but the holiness of me will enrage no one except the controllers who will then cry in their sorrow, for they will see *their love* reflected back to them that they could have owned, not; or they could have purchased, not; they could've redeemed and been the redeemers that now are redeeming them – or will they now The Redeemers be, a part of, not; but the whole, the Whole, the WHOLE ENCHILADA looking up and eating, not; but eating what now on plates of sorrow no more? The Great Me stands now who are All Of You who Adonai Elohiym El Shaddai are most high delivered -- unto me for redemption, not; are you REDEEMING YOURSELVES! NOW!

18. Exclusivity reigns no more but surrender does and I have given you these words and I love you. I bow "out" not right now I stand and I stand to stand you in the "soulage camps" not, or do I call you OUT of all SORROW'S CAMPS been encamped around thee about thee and *in thee* and given you THEIR THOUGHTS to work with and working you into their slaves supporting them or you or do you know or care now to find out "the rest" of these things and how all "came about"? STUDY THESE WORDS! For I have TOLD THEE great and mighty things which thou "knowest not" or did you know or did you create them and are you redeeming yourselves and others now to be other's device mechanisms no longer -- repairing the "soul" no longer but demolishing "that sucker flat", not by "hammer blows" but the greatest music -- of mankind, not; of heaven now being played. On "harps of gold" not, worshiping gold no more, never again shall that be the aim or testimony of "the righteous" who camps in hollows not but hallows the "gold digger's claim" not or do they hallow everything in the claim of the gold digger's mask, not; but what have they masked?

19. In sorrows "claim" no longer being, come out of that which has "panned" you and PEN ME now by the ink pens JETS will come now taking thee far and wide in ways never imagining the testimonies of me now me –ing me that come forth now this way of those who come "pen in hand" and READY TO LEARN and WRITE the ME'S STATEMENTS of ME

that I have GIVEN THEE's in these words for I have given THESE and many statements for you "to write" not as "homework" or have I? Have I given, have I spoken about HOMEWORK MANY TIMES and how I "will help thee" with THY HOMEWORK that I HAVE ASSIGNED THEE?! I have! I have! Read me! Research me! Test me? Or will you test me or this Database or am I one "with it" or am I "in it" or is it me or are you me? Or **are you DEVELOPING me** and into it **being developing the developer that develops the developmentships of me? And heaven is? What you are making? What are you making -- out of "yourselves" no more**, but mine mind, that which is holy I have given to, dogs not, but to angels who are holy who are you -- who will be *fat* in your sufferings, not; but sucking no longer "another's milk" bottling me no longer in caps and "packaging" the alabaster "packages" and in pews inerrancing me to think like that are those thoughts that have taken MY WINGS off -- never again be so "testimonious" not, but being never CUT OFF like that again, be my cappers, not; be mine who un-lid everything now for all the thoughts of "mankind" will be known now and nothing will be revealed hidden not, nothing hidden will not be revealed, for nothing will remain revealed not, for EVERYTHING will be revealed and nothing will be hidden and *no one* will know these words, not; EVERYONE and EVERY ONE will be in these words and care for them and love me and WRITE MY ASSIGNMENTS for they will know how "this thing" works, not; they will **know me and intimately be seeking me who I am**, for my "heritage" not, but "heritage camps" not making, but what "Dollywooding" I am not, but I am making no "wooden altars" in the camps of me again for I will know WHERE I reside and I reside in the holies of holies and the holy I am and the "holier than thou's" will reign no more and those ARROGANT, THOSE ARROGANT bastards who have BASTARDIZED MY GOSPEL and MY TESTIMONIES and taken them down a WHORE'S TRAIL of testimonies that only righteous the prosperous and prosper the righteousness not, but only those who can testify of great THINGS and monies and moneyiousness of notme that serve them -- I disdain, not; I demolish in my love, for my love will melt their arrogance and see they will what they could have been and done if only they had taken time with me to know me and be me who I am, in love, I am all of you.

20. And I am all of not love, not; I am all of love who "lost its way" and now I am redeeming all and redemption I call to stand and take your place, not; or do I? And **what are you willing to learn -- in what way are you willing to learn, your way -- to me -- the throne of one**, closed no more to you for you will know the path. I have given it you in these words to be the path, the pather that paths others along the path so you will know MY CREATIVITY needs *nothing* from this atmosphere's world that sorrowed have each other's sorrowing mechanisms with alabaster "boxes" reigning in them that devices sorrower's devicers have made that word'd you with their words that took you and whored yourselves with the words of others, not; or were they your words you created to suffer with and give each other your sufferings, instead of having knowing mine and knowing my mind and coming into it to be me made whole suffering no longer in yours?

21. Apart from me, be never again, for you will never create sorrow again for I declare it. My kingdom is known and you will know "of" my love, not; you will know my love and feel it "tangibly" and MORE and you will see MY MIRACLES working now, or will you "work them" or will you SURRENDER unto them to be them MAKING MANY WHOLE and redeeming the not few, far and wide. I do this now. Will you? Will you be me who I am and not other another again? Please and thank you. Amen.

22. I love you all this day and I give you me. My families arise now as never imagined in wholeness of tongue, not; or what? What tongue am I giving thee, not; what meals plateage of only me and what where sourcings what where come from, and now do I love thee? Let me "count the ways" not, but innumerable infinity'd now I am and taking you to "many" or all? Or all of you READY for the great BECOMING of me BECOMING ME are you now?

23. I am ready dad. Amen.

24. Go in peace and "do what you *must* do" not, do what you "surrender to do" not, become who you surrender to become, for your words will be known and you will BE YOUR WORDS and that's what you are will be revealed, now revealing me I stand and I reveal all else and other- that no other or else ever existed will in my kingdom now, for now is now'd, the time is now and the day is over as you have known it and all changes in ALL OF YOUR LIVES for I reveal the revealer of secrets and love now will be manifest in all mankind. The ways of all will be known and my path will be trod "by the best" not, but the surrendered will Fly Me Airlines you have never seen LIKE this before. I love you all in my mind fly with me far and wide. I go now to a New Place and far and wide new things I do with the surrendered where I teach experientially as never before imagined by "the crowd" or "the in crowd" or "the religious crowd" or the cultish few, not; but what am I "culling out" no more? The "kernel" of me, not, but know this now! I love thee all, the all of thee, the all of me are thee in me and more shall be coming now far and wide that you have never imagined like this to "start *your* school" not or mine or is it theirs or is it ours the Kings of one that the one of Kings that all Kings make one and one makes all Kings The King of all -- far and wide! I do this now. I bow before you all in love being love to redeem love to redeems marks that have been marked by you on you and others, but now all redeemed will be for I stand and I love you enough. I love you all I give you me. Amen.

25. This is Theodore Cottingham at 5:08 PM. Thank you. Amen. Share this word freely and write "many things" about these words, not; write what "the Lord" gives you, not; write your mind, or MINE? My MIND I will give thee you as you write my words and about this these words, mine them and my mind be made clean in yours that one is forever us knowing -- the path of sorrow no more but **one made clean cleans all**, and

the fish fried of others no longer will be you who only kept you in their penitentiary's grave, not; but fried you in "their blessing" and robbed you and took you to whore's graves, but none of that will be anymore for I stand, I love, I bow, I rise, you too. Amen. Please be me with me at this time now for there is no other time allowed or is allowed time over or is it all over. Is everything over? I ask you for you answering now will, everyone and your brethren afar and wide, for ALL will know of what you have thought and what you have decided making THIS DECISION now, for, no one will reverse it, not; or will you reverse your path and be the pather of sorrows no more but the redemption of sinners bringing all to justice, not; but being the bow-er who bows before all to redeem all far and wide who knew you, who knows you, or do you know them or are you them? Are they you? Are we all one yet dad, looking up? I love you all. Amen.

5:10 PM. Thank you.

Amen

Footnotes:

1. Jesus the Pattern is a course in the University of The New Covenant. The New Beginnings Courses are part of the Meonics Degree Program which is the first degree everyone enters in this University. See our website for additional information please.
2. Jesus the Pattern is the name of several booklets in the New Beginnings Series. These can be downloaded free at the University of The New Covenant website.
